- **FUNCTIONS**

1. Conduct periodic review of the Integrated Plan (IP) for the Conservation of the Philippine Eagle;

2. Exert maximum efforts to implement the Plan nationwide, through the PAWB-Philippine Raptors Conservation Program and PEF-managed Philippine Conservation Program in Mindanao;

3. Provide direction, technical assistance and other forms of support in the implementation of the Plan;

4. Formulate, in coordination with all concerned parties, policies, rules and regulations pertaining to the conservation of the Philippine Eagle and other birds of prey;

5. Provide support to PAWB in the annual celebration of the Philippine Eagle Week, especially in identifying activities to be carried out during the said celebration, among others;

6. Provide guidance to various national government agencies, local government units, non-government organizations and other entities regarding the conservation of the Philippine Eagle and other birds of prey as necessary; and,

7. Submit report, including recommendations, to the Secretary, DENR through PAWB pertaining to the implementation of the Plan.
